

NEW from COLDER

The LATEST ADDITION to FitQuik™ product offering ...

» ScrewThread: a Screw Type connector for enhanced Blood Pressure Monitoring

Material

White Nylon Stem; Glass Filled
Polypro with TPV overmolded
sleeve

Soft-touch overmolded sleeve

improves looks and ergonomics.
Easier to use, soft on the fingers

Precision designed threads

for a secure connection help minimize the
chance of accidentally unthreading. The
threads slowly tighten before bottoming out.

Parting line-free hose barb

ensures a leak-free
connection

Multiple hose barb options

to mate with a variety of tubing
styles and sizes.

PART NUMBERS:

GM430M2 • GM530M2 • GM630M2

Colder Products Company • 800-444-2474 • www.colder.com

ScrewThread is the latest addition to Colder's FitQuik™ product offering and connections for blood pressure monitoring.
